

FS Sustainability: ESG Lens

Giovanna Henny : 3-3 minutes : 6/5/2024

Hesaam Aslani Senior Director

Vishal Jayanti Senior Director

- ESG Lens solution can remove the uncertainty and unreliability of the ESG Measures by becoming a single source of truth for making data driven ESG decisions.
- It helps in de-risking ESG by providing Banks, Insurers and Compliance/ Risk Officers the Anomalies, Correlation and Greenwashing Data instances on ESG performance across Companies in Investment Portfolio Funds/ Insurance Policy.
- The features like overall ESG Outlook, predictive action recommendation, and what-if analysis facilitate better decision making.
